The "Short Session" of the General Assembly begins Tuesday, May 13<sup>th</sup> at 12:00 noon. There is a list of bills that are eligible for consideration this session on the NCGA website:

[http://www.ncleg.net/eligible\\_bills](http://www.ncleg.net/eligible_bills)

Study Committees have been busy during our "interim" time and they will also present bills for consideration. Legislation on gang violence and transportation funding will be discussed during this session. We will also work on water conservation and drought planning, which is essential even though we have received some unexpected relief recently. Now we have a little breathing space to plan!

Please continue to share your thoughts and concerns with us. I appreciate your input on pending legislation and events happening in Charlotte.
